COORDINATION WITH REGULATIONS AND OTHER PERMITS (cont'd)								Yes	No
3.	Will the vertical wellbore section penetrate or be within 3,000 feet of an active gas storage reservoir boundary?								\boxtimes
	a. If Yes, print	If Yes, print the names of: Storage Field: Operator:							
4.	Is the proposed well location within the permitted area of a landfill?								
5.	5. Will the vertical wellbore section of the unconventional well be drilled within 500 feet from any existing building or an existing water supply?								
	a. If "Yes," is written consent from the owner attached?								
	b. If written consent is not attached, is a variance request (form 8000-FM-OOGM0058) attached?								
5.1.	5.1. Will the vertical wellbore of the unconventional well be drilled within 1,000 feet from any existing water well, surface water intake, reservoir or other water supply extraction point used by a water purveyor?								
	a. If "Yes," is written consent from the owner attached?								
	b. If written consent is not attached, is a variance request (form 8000-FM-OOGM0058) attached?								
6.	5. Is this permit application for a well that will be drilled on a well site for which construction was completed prior to April 16, 2012?								
	a. If "Yes," was there a permitted well at this well site prior to April 16, 2012?								
	b. If the answer to question no. 6a is "Yes", provide the US Well Number (API No.) of the well permitted at this site prior to April 16, 2012								
7.	7. Will the well be located where it may impact a public resource as outlined in the "Coordination of a Well Location with Public Resources" form 8000-PM-OOGM0076? If yes, attach a completed copy of the form.								
8. Will any portion of the well site be in a Special Protection High Quality (HQ) or Exceptional Value (EV) watershed?] (EV)		\boxtimes	
	Provide name of special protection watershed								
9. Is this well part of a development which requires an Earth Disturbance Permit for Oil and Gas Activities disturbing more than 5 acres? If yes, list the number of the ESCGP approval if the permit has been issued.						urbing			
	If no, is this well part of a development that involves 1 to less than 5 acres of earth disturbance over the life of the project and is the answer to question no. 8 "Yes"? If yes, attach a site-specific E&S control plan.								
10.	Is the well to be lo	cated within a H ₂ S	area pursuant to	s §78a.77	/a?				
11.		rotection Perform			GM0118 with the first applica d Gas Well Sites" rulemaking
