COORDINATION WITH REGULATIONS AND OTHER PERMITS							latera	s Yes		No		
Will the well be subject to the Oil and Gas Conservation Law? If "No," go to 2).										\boxtimes		
a. If "Yes" to #1, is the well at least 330 feet from outside lease or unit boundary?												
b. Does the location fall within an area covered by a spacing order?												
c. If the well will be multilateral, identify the wellbores on the sketch on page 3 of the plat that will be completed as conservation and non-conservation.							oleted as					
2. Will the proposed limit of disturbance of the well site be within 100 feet measured horizontally form any watercourse or any high quality of exceptional value body of water or any wetland one acre or greater in size?							ercourse			\boxtimes		
If yes, attach the following if applicable: a site-specific E&S control plan, a permit consistent with Chapter 102,												
applicable portions of the Pollution Prevention Control Plan, applicable portions of the Well Site Emergency Response Plan, applicable portions of the Site Containment Plan, the permit number of a Water Obstruction and								0 3				
Encroachment Permit issued pursuant to Chapter 105, or justification that section 78a.15(e) applies.												
Will the well or well site be located within a defined 100 year floodplain or where the floodplain is undefined, within 100 feet of the top of the bank of a perennial stream or within 50 feet of the top of the bank of an intermittent stream.												
If yes, attach a plan that identifies the additional measure, facilities or practices to be employed during well site construction, drilling and operations to protect the waters of the Commonwealth												
								<u> </u>				

COORDINATION WITH REGULATIONS AND OTHER PERMITS (cont'd)									Yes	No
3.		fill the vertical wellbore section penetrate or be within 3,000 feet of an active gas storage reservoir boundary?					ary?			
	a.	If Yes, print the	es, print the names of: Storage Field: Operator:							
4.	Is the	e proposed well location within the permitted area of a landfill?								
5.	5. Will the vertical wellbore section of the unconventional well be drilled within 500 feet from any existing building or an existing water supply?									
	a.	If "Yes," is written consent from the owner attached?								
	b. If written consent is not attached, is a variance request (form 8000-FM-OOGM0058) attached?									
5.1.	5.1. Will the vertical wellbore of the unconventional well be drilled within 1,000 feet from any existing water well, surface water intake, reservoir or other water supply extraction point used by a water purveyor?									
	a. If "Yes," is written consent from the owner attached?									
	b. If written consent is not attached, is a variance request (form 8000-FM-OOGM0058) attached?									
6.	Is this permit application for a well that will be drilled on a well site for which construction was completed prior to April 16, 2012?							rior to		
	a. If "Yes," was there a permitted well at this well site prior to April 16, 2012?									
	b. If the answer to question no. 6a is "Yes", provide the US Well Number (API No.) of the well permitted at this site prior to April 16, 2012.									
7.	7. Will the well be located where it may impact a public resource as outlined in the "Coordination of a Well Location with Public Resources" form 8000-PM-OOGM0076? If yes, attach a completed copy of the form.							cation		
8.	8. Will any portion of the well site be in a Special Protection High Quality (HQ) or Exceptional Value (EV) watershed?							(EV)		
	Provide name of special protection watershed									
9. Is this well part of a development which requires an Earth Disturbance Permit for Oil and Gas Activities disturbing more than 5 acres? If yes, list the number of the ESCGP approval if the permit has been issued							urbing			
	If no, is this well part of a development that involves 1 to less than 5 acres of earth disturbance over the life of the project and is the answer to question no. 8 "Yes"? If yes, attach a site-specific E&S control plan.									
10.	10. Is the well to be located within a H ₂ S area pursuant to §78a.77a?									\boxtimes
11.	"Envi		ection Performa			iM0118 with the first applicated Gas Well Sites" rulemaking
