RE: Edenborn/RGGS B Well Pad
German Township, Fayette County

Dear Sir/Madam:

Please accept this letter as a formal request for an exemption from the 1000' spacing requirements found in Act 214, Section 7(b), for the above referenced permit.

Also included is a letter from the coal owners approving the location of the well and recognizing that this well will be less than 1000' from an existing well.

Sincerely,

A handwritten signature in blue ink, appearing to read "K. Martz", written over a horizontal line.

Kenneth D. Martz
Permitting Team Lead

**RE: Well Permit Application
Edenborn/RGGS Pad B
Coal Waiver Request**

Chevron Appalachia, LLC desires to conduct oil and gas operations on the location depicted on the enclosed Exhibit A, and has identified you as the coal owner of a potentially workable coal seam. Because Chevron's proposed well lies within 1,000 feet of an existing well, your consent is required under Section 7(b) of the Pennsylvania Coal and Gas Resource Coordination Act, 58 P.S. § 507(b) (the "Act"). Chevron respectfully requests your consent to this operation. Kindly sign this letter in the space below and return it to us in the envelope provided. Your signature will represent (1) that you are the owner of the identified coal seam and (2) that you consent to waiving the 1,000 feet requirement between wells set forth in Section 7(b) of the Act.

Please sign and return this letter to Chevron at your earliest convenience. Should you have any questions, please contact me.

Sincerely,

Mike Huber
Land Representative
412-865-1521

I represent that I am the owner of the workable coal seam and hereby consent to the well.
